

SHAC MINUTES for Monday, Jan. 9, 2017

Present: Lisa Freese, Colleen laBar, Alison Robledo, Randy Meyer, and Diane Waters

Mr. Meyer brought to the attention of the committee that a Universal Diabetic Care Attendant is needed for students in the district with diabetes. We have 5 students in the district at this time that have been diagnosed with diabetes. The Region Service Center will come out and train people how to be a care attendant.

Have the head nurse check on a program to come to each school and talk about how important hand washing is, especially this time of the year.

Colleen LaBar will bring information to the committee about the Zika virus.

The Regulations need to be written for the Wellness Policy. Mr. Meyer will send Lisa Freese what needs to be done. The Regulations must be in place by June 17, 2017.

Next Meeting: Monday, March 6, 2017  
Wharton ESC  
4:00 pm

The committee will work on the Regulations for the Wellness Policy
