

## SHAC Minutes

January 6, 2015

Those in attendance: Emilia Ferrel- WES cafeteria; Lisa Freese- Chair; Dee Ann Shumbera-WES; Melissa Villareal- Sivells Nurse; Maria Macedo- WJH Cafeteria; Alison Robledo- WISD Food Services; and Joseph Ramsey- DSHS.

Minutes were reviewed from November 12, 2014 and were amended to state that the wellness policy was updated on December 13, 2013.

Committee asked that we talk to Raguel Araguz, WISD nurse, about the staff training and the district protocol on lice.

We discussed the Wharton Junior High grab and go breakfast. It started today and had 3 students take advantage of the program. It was stated that Mrs. Brown, principal, made an announcement to the students to remind them of the program. Alison is going to get back with us on numbers. It was also stated that there was a teacher in the cafeteria rushing the students out from eating breakfast and that Mrs. Brown came in and talked with the teacher and stopped the situation. Alison and the staff are going to watch the numbers and discuss incentives if necessary.

It was stated that parents at WES are bringing in outside food during lunch for students other than their own. That is a violation of policy and that we as a district could get fined.

It was also stated that an administrator told a mentor to bring in food and candy to give the students and when the mentor told the administrator that was against Texas Public School Nutrition Policy, it was stated that that was just the SHAC and Lisa Freese and it was ok.

We discussed changing the March meeting because of open house week to February 24, 2015. It was agreed on and the meeting was adjourned at 6:15.
